

3x3 LED Matrix Moving Head with Infinite Pan/ Tilt + Zoom

Looking for a fixture that will really grab some attention? Check out Blockhead™ Z9, it's a real head turner!

Blockhead™ Z9 fixtures are a 3x3 LED pixel moving head that is fully equipped to put on a high energy light show due to its highly efficient, high output 9* 15W RGBW 4-in-1 Gaggione™ LEDs with 10-50 degree motorized zoom. Add in 540/360°pan/tilt + lightning fast infinite pan/tilt capabilities to put on a mind-blowing motion filled display of vivid colored beams plus excellent shades of white.

It is a pixel mapping fixture that allows individual RGBW color mixing with an endless range of color variations, and gives users the ability to create all kinds of graphic images that change dynamically both in shape and color, plus create awesome split colored beams!

But is it user friendly? You bet! All of its features, including auto mode, sound active, pan/tilt, infinite pan/tilt, multiple strobe effects, master dimmer, and zoom (focus) can be easily accessed by using its 4-button LCD control panel, or directly via 50/22/16-channel DMX modes.

Its power input connection is industry standard PowerCON® compatible, and DMX 3-pin In/Out jacks + a single clamp mounting bracket round out the many professional features you'll find in this incredible led matrix moving head fixture!
